James has over 18 years experience as a farm business consultant. Previously he was a farm manager for a National Corporate Farming Company. James specialises in providing practical business solutions to practical hands on farmers and managers. He has experience in all types of farm enterprise including combinable crops, root crops, dairy production, beef, sheep and poultry systems and non farm income. James believes in advising the total business in order to produce a viable long-term strategic plan for the business to follow.

James covers businesses up and down the East side of the country and East Midlands from his base in rural Lincolnshire. He has a high level of knowledge of the Single Payment Scheme, Entry Level Stewardship and previous support schemes. He is involved in establishing and operating contract farming agreements and directly manages a 480 ha arable farm in the Midlands .
